

GEZE terms of delivery

Basics

The following transportation and packaging rules are independent on the arranged condition of delivery and component of our shopping conditions.

All deliveries to our enterprise have to take place with the arranged dispatch condition.

Transport charges are taken over if necessary from us according to the arranged condition of delivery.

We accept others than the given GEZE packaging standards only after written agreement.

We recognize higher carriage by change of the dispatch type given by this rule, e.g., air freight, lane express, express parcels, courier services, only if such a dispatch type is strictly prescribed by us.

With the delivery of the goods with a pallet only euro-pallets are accepted generally.

Accompanying document: delivery note

The delivery note is to be added in a simple execution of the goods.
Following order details must be to be inferred from the delivery note:

- order number / job number
- name of supplier, GEZE supplier number
- GEZE identity number
- number of packages
- charge of a package

General packaging demands (independent on the packaging kind):

Formation of rational loading unities
Optimal extent of utilization of the containers
transportation insurance
trouble-free discharge by hall conveyor vehicles
nestability
Keeping given standard dimensions

GEZE packaging instructions

The packaging kind, packaging size and filling amounts for all materials(equipments) is to be voted with the department GEZE Logistik:

GEZE GmbH Telefon: 07152 / 203-642 E-Mail: logistics@geze.com
Bereich Logistik und Transport Telefax: 07152 / 203-310
Reinhold-Vöster-Str. 21-29
71229 Leonberg

The damages in transit, which are rejected because of not coordinated or not kept packaging by the quality inspection, or the logistics, go to accounts of the supplier.

GEZE cardboard demands

If cardboard is arranged as a packing material, the following GEZE standards are to be applied:

- Generally only cardboard sizes are accepted which are stackable reasonable to an europallet.
- Filling materials: only cardboard and paperboard
- Different articles must be packed separately
- The coordination from order, filling amount and supplier-cardboard assortment proves the cardboard size.
- Weight limitation: max. 15 kg
- Coordinated GEZE cardboard masses **may not be crossed**, little bit smaller is possible.

Correct sizes (exact or smaller to wished degree)

Wrong size (larger than wished degree)

GEZE cardboard demands			
cardboard GEZE notation	cardboard size		
	max. length [mm]	max. width [mm]	max. height [mm]
A3	590	395	280
A2	395	295	280
A1	295	195	150

- **Marking of the cardboard** (outer package)
 - GEZE supplier number
 - GEZE identity number
 - product designation
 - filling amount (number of items)
 - cardboard weight

GEZE long property packaging

- As long property materials are considered with a length more than 3.50 m
- Wished packaging materials:
 - cardboard box
 - when required interlayer from paper
 - filling wood (min. 90mm height because of forklift truck)
 - plastic strap
- Maximum outside measurements (incl. wood): 450x450mm

- Marking on both facing sides:
 - GEZE supplier number
 - GEZE identity number
 - product designation
 - filling amount (number of items)
 - cardboard weight

Status: April 2007
